**W**elcome to our first ever public auction which has shaped up to be one of the most important sales of the year with pre-sale estimates now at around the \$3,500,000 level.

It is a sale we are very proud of with most probably the best selection of Australian Rarities and High Quality Investment items that has been available in a long time. Saying this however, it is also a sale in which the general collector and smaller investors are well catered for with a huge range of Australian Sovereigns, a comprehensive Australian Commonwealth Collection in all denominations, an extensive English gold and silver collection from early Hammered right through to Victoria in all denominations, Internment Camp Tokens, German New Guinea Silver and Copper, a choice almost complete New Zealand Pre-Decimal Collection with some amongst the finest known, a nice selection of other world pieces including USA material and a good selection of Australian Banknotes, highlighted by a lovely fresh batch of 10 Shillings notes all nearly mint state with approximately 30 George V (R.11) notes (many in consecutive runs) as well as 20 approximately George VI (R.12) notes (again many in consecutive runs). Thus, there is something for everyone!!
